

# History of TeReSe

Hans Zantema

Technische Universiteit Eindhoven and Radboud Universiteit Nijmegen

TeReSe, June 8, 2022

# The very beginning

# The very beginning

In 1990 I was employed in Utrecht, and was looking for a new topic of research

# The very beginning

In 1990 I was employed in Utrecht, and was looking for a new topic of research

I was already doing a seminar (in 1989) and planned to teach a lecture (in 1990) on term rewriting, based on just published lecture notes from the VU

I heard they recently started a seminar TeReSe (term rewriting seminar) at the VU in Amsterdam, and decided to join, starting in October 1990

These meetings had one or two speakers per time

# The very beginning

In 1990 I was employed in Utrecht, and was looking for a new topic of research

I was already doing a seminar (in 1989) and planned to teach a lecture (in 1990) on term rewriting, based on just published lecture notes from the VU

I heard they recently started a seminar TeReSe (term rewriting seminar) at the VU in Amsterdam, and decided to join, starting in October 1990

These meetings had one or two speakers per time

Schedule 1990: Jan 29, March 5, May 28, June 25, Sept 3, Oct 11 + 22, Nov 7 + 22, Nov 26 PhD defense Aart Middeldorp, Dec 10

People that joined in that time were

- Jan Willem Klop (part time professor)
- Roel de Vrijer (assistant professor)
- Aart Middeldorp (PhD student, who coined TeReSe)
- Fer-Jan de Vries (post-doc)
- Vincent van Oostrom (just started as PhD student)
- Femke van Raamsdonk (just started her master project)

People that joined in that time were

- Jan Willem Klop (part time professor)
- Roel de Vrijer (assistant professor)
- Aart Middeldorp (PhD student, who coined TeReSe)
- Fer-Jan de Vries (post-doc)
- Vincent van Oostrom (just started as PhD student)
- Femke van Raamsdonk (just started her master project)

For me this was the starting point of doing research in term rewriting, in particular termination

This format of TeReSe meetings at the VU went on for several years

# The TERESE book

Jan Willem Klop and Roel de Vrijer planned to elaborate their notes on rewriting to a book

# The TERESE book

Jan Willem Klop and Roel de Vrijer planned to elaborate their notes on rewriting to a book

This project ran for several years, and the plans changed

# The TERESE book

Jan Willem Klop and Roel de Vrijer planned to elaborate their notes on rewriting to a book

This project ran for several years, and the plans changed

At some moment it was decided to include more authors, and the team of authors was growing

# The TERESE book

Jan Willem Klop and Roel de Vrijer planned to elaborate their notes on rewriting to a book

This project ran for several years, and the plans changed

At some moment it was decided to include more authors, and the team of authors was growing

It was decided that the author would be just TERESE, rather than a big list of names, honoring the seminar from which the project grew out

# The TERESE book

Jan Willem Klop and Roel de Vrijer planned to elaborate their notes on rewriting to a book

This project ran for several years, and the plans changed

At some moment it was decided to include more authors, and the team of authors was growing

It was decided that the author would be just TERESE, rather than a big list of names, honoring the seminar from which the project grew out

With that many people involved, quite some effort was needed for managing the whole project

It was decided that the author would be just TERESE, rather than a big list of names, honoring the seminar from which the project grew out

With that many people involved, quite some effort was needed for managing the whole project

Marc Bezem was attracted to take care of managing the process, and finally the book appeared in 2003

This appearance of the TERESE book was celebrated by an afternoon of presentations followed by a dinner

This appearance of the TERESE book was celebrated by an afternoon of presentations followed by a dinner

After that it was decided to have such an afternoon with presentations followed by a dinner twice a year, on the locations in The Netherlands (including Aachen) where rewriting research was done (VU Amsterdam, Utrecht, Eindhoven, Aachen, Nijmegen)

This appearance of the TERESE book was celebrated by an afternoon of presentations followed by a dinner

After that it was decided to have such an afternoon with presentations followed by a dinner twice a year, on the locations in The Netherlands (including Aachen) where rewriting research was done (VU Amsterdam, Utrecht, Eindhoven, Aachen, Nijmegen)

The VU people supported the proposal to again use the name TERESE for this new format
